

STORYTELLING FOR LAUGHS:

Creative Workshops at Ozanam Learning Centre, Woolloomooloo

GET INVOLVED!

Ever wanted to try your hand at Stand-Up Comedy?

Do people laugh when you tell them you want to be a Stand-Up Comedian?

Well they won't be laughing at the end of this course because

*insert laughter here

Over 10 weeks we will be looking at presentation skills, stagecraft, improvisation, comedy writing and some of the tricks great Comedians/Comediennes use to make their stories funny. Collaborative Artists will work on their own original Stand-Up Comedy routine and then perform it to a live audience.

Milk Crate Theatre effects social change through the power of performance.

GET MORE INFO!
